Inclusion & Diversity:

The College aims to establish an inclusive community where all students and staff are treated with dignity and respect, regardless of individual differences including, but not limited to, culture, race, religion, beliefs, sexual orientation, gender orientation, appearance, ability or disability.

Rationale:

Bullying behaviour of any kind by any member of the College community to any other member(s) of the College community is completely unacceptable.

All students have a right to learn in a safe, caring environment which is free from the threat of emotional or physical harm. Everyone in the College community is valued and is entitled to have their rights protected. The College aims to promote positive relationships and endeavours to provide a learning environment free from bullying behaviour, including students' journeys to and from school and their experience of school trips and external events. In addition, the College aims to foster an environment of openness in which students, parents/carers and staff feel comfortable to report any bullying behaviours which they feel are taking place.

Aims:

- Raise awareness and promote understanding of what constitutes bullying behaviour
- Ensure students and parents/carers know how to raise a concern about bullying behaviour
- Encourage students and parents/carers to report bullying behaviour
- Ensure an appropriate response to all reported instances of bullying behaviour
- Provide support for students who experience bullying behaviour
- Encourage those students who engage in bullying behaviour to adopt positive attitudes and behaviour
- Ensure robust monitoring and review procedures are in place following incidents of bullying behaviour
- Provide up to date training for staff and governors

Definition of Bullying:

The College uses the legal definition of bullying for Northern Ireland as defined in the 2016 Anti-Bullying Act:

(1) In this Act 'bullying' includes (but is not limited to) the repeated use of-

(a) any verbal, written or electronic communication,

(b) any other act, or

(c) any combination of those,

by a pupil or a group of pupils against another pupil or group of pupils, with the intention of causing physical or emotional harm to that pupil or group of pupils.

(2) For the purposes of subsection (1), 'act' includes omission.

The phrase '**is not limited to**' in the definition above gives the College the legal discretion to define a one-off incident as bullying behaviour. This may be particularly the case when the behaviour takes the form of electronic communication. For example, repetition can occur through the repeated viewing and sharing of a post even if there is only one post.

The phrase '**emotional harm**' is defined as distress or anxiety intentionally caused by scaring, humiliating or affecting a student's self-esteem.

The phrase '**physical harm**' is defined as intentionally hurting a student causing injuries such as bruises, broken bones, burns or cuts.

The term '**omission**' is defined as where a student is deliberately left out and where there is a willful failure to include a student. Examples could include purposefully excluding a student from a group of friends' activities or group work in lessons.

Terms of Reference:

The College will use the following language when applying the policy: 'student *displaying* bullying behaviour' and 'student(s) *experiencing* bullying behaviour'. Language including 'bully', 'victim' and 'perpetrator' is not considered appropriate and its use will not be accepted. It is important to avoid labelling and stereotyping individual students and to focus instead on the *behaviours*.

Motivating Factors:

there are many factors, and combinations of factors, which may motivate a student to display bullying behaviours towards another student(s). Examples of these include, but are not limited to:

- Religious beliefs
- Political opinions
- Racial group
- Age
- Academic ability
- Sexual orientation
- Gender orientation
- Physical appearance
- Disability
- Special Educational Needs
- Social/economic status
- Family circumstances
- Looked After Child status

Vulnerable Students:

Whilst the College understands that any student could experience bullying behaviours, it is also aware that some groups of students are potentially more vulnerable than others to this behaviour. This includes members of the College's LGBTQ+ community and those with special educational needs and/or disabilities. As such, the Personal Development curriculum draws attention to the vulnerability of such students as part of the College's preventative measures.

Procedures:

How to Report a Concern:

Any student, parent/carer or member of the College community who has a concern about bullying behaviours involving College students should report it to the Form Tutor or Head of Year. This can be done in person, through a telephone call or in writing.

Both the Positive Behaviour Policy and the Anti-Bullying Policy apply to behaviour which takes place:

- on the College site
- during school trips, external events or extra-curricular activities
- while students are wearing their school uniform in public e.g. travelling to/from school via public transport
- at a bus stop/train station or other public place outside of school hours
- when a student is accessing education elsewhere e.g. at another school, EOTAS centre, FE College or work experience/community placement

It also applies to behaviour which takes place electronically, regardless of the time of day or location.

Any alleged bullying behaviour concerns involving member(s) of staff should be directly addressed to the Principal through the Complaints and Concerns Policy.

Recording Information:

All incidents of alleged bullying behaviour reported to the College must be recorded in the Bullying Concerns Section of the Behaviour Management Module within SIMs. This will be done by either the Form Tutor, Head of Year or appropriate Senior Manager for the student who is alleged to be displaying bullying behaviour. Legislation requires all schools to include the following information in every recorded instance:

- Where it occurred
- The motivating factors/underlying themes (where known)
- The methods (i.e. verbal, written, electronic or combination thereof)
- How it has been addressed

The purpose of recording information is to promote and sustain a safe and effective learning environment for all. Recorded information enables the College to:

- Identify patterns of behaviour
- Promote inclusive practice by identifying and meeting the needs of individuals and groups
- Evaluate the effectiveness of positive behaviour management strategies
- Ensure that intervention, strategies and procedures are implemented effectively
- Track instances of bullying behaviour
- Provide performance data

Processing Information:

All incidents of alleged bullying behaviour reported to the College will be investigated. In the first instance, this is likely to be done by the Form Tutor(s) and/or the Head(s) of Year of the students involved. This process will involve gathering information from all students who are involved in, or may have information about, the alleged bullying behaviour. The views of all students involved will be carefully listened to. It is likely that the process will also involve liaison with parents/carers and other members of staff as necessary. A Bullying Concern Assessment Form (BCAF) will be initiated, and Part 1 completed by either the Form Tutor, Head of Year or appropriate Senior Manager of the student who is alleged to be displaying bullying behaviour.

Once the information has been gathered, the appropriate Senior Manager, Head of Year and Form Tutor will make a decision, based on the information available at that time, whether the behaviour meets the legal criteria of bullying as outlined in the definition above. In cases which involve students with SEN, the

SENCO will also be involved in the decision making process. The team will take the following additional aspects into consideration:

- Whether the actions of the student displaying bullying behaviour were **intentional**
- the level of **harm** intended and/or caused
- the student's(s') **capacity to understand** the impact of their behaviour and how this could have been affected by other significant factors including SEN
- any perceived or actual **imbalance of power** between the student(s) displaying bullying behaviours and those experiencing it, e.g. physical, psychological and/or intellectual

The College recognises that not all socially unacceptable behaviour is bullying behaviour. Equally, not all unacceptable behaviour online is cyber bullying. All members of the College community must participate in the development of the shared understanding of what does and does not constitute bullying behaviour. As such, the College recognises the need to work on an on-going basis with students and parents/carers to help them understand the differences between behaviour which is unacceptable and that which is bullying of a bullying nature.

Alleged bullying and/or socially unacceptable behaviour which the College decides does not meet the legal criteria of bullying will be dealt with through the College's Positive Behaviour Policy.

Alleged bullying behaviour which the College decides does meet the legal criteria of bullying will be dealt with through the Anti-Bullying Policy and the remainder of the Bullying Concern Assessment Form will be completed and uploaded to SIMs along with any other written evidence collated by either the Form Tutor, Head of Year or appropriate Senior Manager of the student who is alleged to be displaying bullying behaviour.

The College's approach will be based on its understanding that bullying is not 'fixed' by solely issuing a consequence and that students on both sides of the issue require support to address and resolve it. In addition to the provision of intervention and support, the College will issue a formal consequence to any students(s) deemed to be displaying bullying behaviours. Further information on the College's range of consequences is available in the Positive Behaviour Policy. Students and parents/carers should be aware that the College may also apply its Suspension and Expulsion of Students Policy in individual cases and may also refer individual cases to external agencies such as Social Services and/or PSNI.

Any parent/carer who is unhappy with how an incident has been dealt with by College staff should contact the Principal who will deal with the issue in line with the College's Complaints and Concerns Policy.

Intervention and support:

Intervention and support provided to students involved in bullying behaviours – either displaying or receiving them – will be taken from the intervention tables (pages 16-19) in the Effective Responses to Bullying Behaviour document (see Appendix 4) and will be based on the following principles:

Intervention and support will:

- be child-centered
- promote resilience
- involve post-incident learning and reflection
- promote reparation
- be based on restorative approaches

- be evidence based
- be evaluated

Preventative Measures:

The College has in place a number of measures to promote inclusion and prevent bullying behaviours. At the core of this lies the College's ethos of acceptance of all members of the College community through celebration of differences as well as similarities, as outlined in the Pastoral Care Policy.

In addition, the following measures are in place:

- Consistent implementation of the Positive Behaviour Policy, including the promotion and rewarding of positive behaviour
- The creation and maintenance of positive relationships
- Creation and maintenance of an ethos which promotes aspiration, achievement and restoration
- Promotion of the welfare and wellbeing of students
- Provision of effective guidance and support
- Reduction/removal of barriers to learning
- A robust and relevant Personal Development Programme
- Active collaboration with external partners including transport services and specialist external agencies
- Whole school awareness of and participation in national Anti-Bullying initiatives such as Anti-Bullying Week/Anti-Bullying Ambassadors
- An expectation that all members of the College community works collaboratively to prevent bullying
- Appropriate and relevant staff training

Roles & Responsibilities:

The Board of Governors:

- Have oversight of the Anti-Bullying Policy
- Ensure that the policy is effectively implemented
- Ensure that the policy is reviewed at least every four years
- Ensure there is a whole-school Anti-Bullying approach though determining the preventative measures to be taken to prevent bullying
- Ensure that preventative measures are kept under review and are fit for purpose and consult with students and parents/carers as part of this review process e.g. through surveys
- Engage with Governor training as appropriate
- Monitor Anti-Bullying measures and reported incidents through a standing item on agendas, using this to inform the School Development Plan where necessary
- Identify trends and patterns to inform further development of policy and practice

Principal and Senior Team:

- Ensure that the school community, including students and parents/carers, are involved in the policy review process
- Ensure that all incidents of alleged bullying behaviours are recorded
- Ensure that records include motivation, method, how each incident was addressed and the outcomes

- Review the effectiveness of interventions used and their outcomes, amending them as required
- Ensure that the policy is as accessible to students and parent/carers as possible, in terms of language, content, placement and availability
- Analysis of data from SIMs to identify themes, trends and patterns to ensure early intervention and effective reporting to Governors
- Liaison with the Teacher in Charge of Personal Development to ensure that any themes, trends or patterns are addressed as part of the PD curriculum
- Ensure parents/carers are aware of the complaints process

Policy Review:

Legislation requires the College to review its Anti-Bullying Policy at least every four years. The Board of Governors will, however, review the policy every two years in order to be able to review current practices and issues in a timely and effective way. Students will be involved in this process via the Student Council, focus groups and student surveys; parents/carers via the PTA and staff through focus groups. As part of this process, all reports of alleged bullying behaviours will be taken into consideration. All students, parents/carers and members of staff will be provided with a copy of the policy.
